PARKER FLY
FEATURE REFERENCE GUIDE

FEATURES & BENEFITS OF THE FLY

SOLID BASSWOOD NECK AND CARVED TONEWOOD BODY

- *Incredibly light in weight: Flies average 3 ½ to 5 lbs.*
- *Parker's patented carbon and glass backed neck and body construction process creates an amazingly responsive, lively and stable guitar*
- *Perfectly balanced, whether sitting or standing*
- *Highly resonant neck, no dead spots, funny notes or unevenness*

HARDENED STAINLESS STEEL FRETS

PRECISION BONDED TO A GLASS AND EPOXY FINGERBOARD

- *Parker's patented process creates a perfect fret job*
- *Perfect intonation up and down the fingerboard*
- *Stainless steel frets seriously outwear conventional nickel-silver frets*
- *The patented fingerboard is highly wear resistant*
- *Quite possibly the smoothest, fastest playing neck, period*

HIGH PERFORMANCE PARKER "FLAT SPRING" VIBRATO SYSTEM

- *Ultra-smooth, extremely stable and precise*
- *Quickly adjusted without tools*
- *Three modes of operation: Fixed, Bend down only, and Floating*
- *Changing between modes can even be performed while playing*

GUITARS®

CUSTOM DiMARZIO® MAGNETIC PICKUPS

AND FISHMAN® ACTIVE PIEZO SYSTEM

- *Electric and "full range" acoustic sounds from one guitar*
- *Magnetic pickups mounted directly to the body for increased tone and sustain*
- *The active piezo system provides the lush, complex tone of an acoustic guitar without feedback, even at stadium level volume*

ACTIVE PREAMP/MIXER CIRCUIT

FEATURING SPLIT STEREO OR MIXED MONO OUTPUT

- *Allows the player to mix the volumes and tones of the electric and acoustic sounds*
- *The Stereo/Mono switch lets you split the electric and acoustic sounds and send them to separate amps or combine them and play both through a single amplifier.*

SPERZEL® LOCKING TUNERS

- *Without doubt the highest quality tuning pegs available and made in the USA*
- *Sperzel's patented locking device keeps the guitar in tune, even with the most aggressive playing*
- *Fast, painless string changes*
- *Lightweight aluminum construction is key to the fine balance of the Parker Fly*

NOTHING PLAYS LIKE A PARKER
